Minister Welcome

Bloom Festival
21 September – 20 October 2024

The Western Australian Government is a proud sponsor of the Bloom Festival through Tourism Western Australia's Regional Events Scheme (RES).

RES was established to support event holders across the state with the development of events to drive tourism to regional Western Australia. The scheme plays an important role in positioning the State's five tourism regions as exciting destinations by showcasing and promoting the host region's unique and diverse attractions.

A total of 73 regional events across Western Australia have been funded through the 2024-25 RES, which also includes a \$250,000 funding pool for the Regional Aboriginal Events Scheme, which exclusively allocates funding to events delivering Aboriginal activities and experiences.

The Western Australian Government is proud to sponsor all these regional events, which help bring vibrancy to local communities and drive visitor spend, injecting millions into regional economies.

Tourism is a key part of the Western Australian Government's plan to diversify the economy, create jobs and develop business opportunities, especially in regional Western Australia. Events play an important role in this plan and also contribute to the vision for Perth and Western Australia to be the fastest growing events destination in the South East Asian region.

The Western Australian Government sponsors a range of sporting, cultural, arts and culinary events across the state, to attract visitors and encourage them to stay longer, disperse further and spend more while they are here.

We hope everyone enjoys this event and takes the time to explore the Great Southern region.

TIPS FOR SAFE TRAVEL

Always

- ✓ Keep your first aid kit stocked and accessible in your car
- ✓ Be prepared: ensure you have enough water
- ✓ Bring your mobile phone fully charged
- ✓ Travel at a safe speed: adapt your speed for the weather and road conditions
- ✓ Make sure children are properly restrained
- ✓ Lock your car when leaving it unattended & don't leave valuables in the car
- ✓ Be aware of wildlife, livestock, road trains, and machinery on country roads
- ✓ Leave no trace behind: take your rubbish with you

Never

- ✗ Use your mobile when driving
- ✗ Drive tired: make sure you take breaks, or swap drivers often
- ✗ Drink & drive: arrange a skipper or stay the night

For Police Call 131 444**

WILDFLOWER HUNTING TIPS

Take nothing but photos

Please resist the urge to pick wildflowers – permits are required to pick any wildflowers. Any unlawful taking of wildflowers from a National Park or reserve will result in heavy fines by local rangers.

Be mindful of where you step

Stick to the marked and well-used trails, flowers are delicate and a whole plant is a fragile yet essential part of the ecosystem.

Stay off private property

Wildflowers are not designated to public areas, but please only venture into public spaces; do not enter private properties without permission.

Leave no trace

There should be zero traces that you've visited the wildflowers. Please take your rubbish with you and do not damage the plants or their home.

And finally, have fun, stay safe, and enjoy the vast and expansive beauty of the Great Southern.

DANGERS OF MICROSLEEP

When you're driving tired, you can drift in and out of sleep without knowing it. Sleep experts call this a micro-sleep and can last three to five seconds. They are the main cause of fatigue-related crashes. A micro-sleep of five seconds at 110km/h is like travelling the length of an Aussie rules football field with your eyes closed.
